

GEMAK presents in VA-achter:

The heavenly bodies, once thrown into a certain definite motion, always repeat

Kosta Tonev sets his experience working as bicycle courier against the background of cycle-like phenomena in the world economy. He investigates the causal link between the reestablishment of cycling as a mode of transport in the 1970-ties and the economic recession that triggered it. The exhibition marks the 40-year anniversary of the Oil Crisis of 1973 and implicitly raises questions about its resonance for the present moment.

Opening exhibition: 21 June 2013, 17.00 H

Artist talk: 22 June 2013, 14.00 H

Since 2012 Kosta Tonev is attending the Master Artistic Research programme (KABK). This year he also developed, during his project-based residency at **GEMAK | Vrije Academie**, the exhibition at hand.
